TO: ALL LIFE & HEALTH AND PROPERTY & CASUALTY INSURERS

FROM: Paula T. Rogers, Insurance Commissioner

DATE: April 21, 2003

RE: SPEED TO MARKET FOR ALL FORM FILINGS

Background

The New Hampshire Insurance Department is committed to the Speed to Market process for all types of product filings. For the review process to be completed in the most efficient manner we are adopting the National Association of Insurance Commissioners (NAIC) best practices in the use of the Universal Transmittals and Product Coding Matrixes for all Life & Health and Property & Casualty filings, both paper and electronic. The Transmittals provide both industry and states with a standardized format for required filing information. The Product Code indicates requested type of classification and product review.

Forms with Instructions

These forms are available through the NAIC web site, <http://www.naic.org/>, Members Tab at top of page, Rates & Forms Filing, Common Filing Transmittal Documents and Product Filing Naming Conventions or http://www.naic.org/1rates_forms/trans_docs.htm and http://www.naic.org/1rates_forms/unif_prod_matr.htm
